

Gearbox oil change has never been easier!

MEYLE oil change kits for automatic transmissions guarantee all-round car service

Competence increased. Service upgraded. Time saved.

MEYLE offers a comprehensive range of 30 repair-friendly kits for full-service automatic transmission oil change covering more than 2,800 vehicle applications equipped with popular gearbox types. Upgrade your range of services and benefit from time savings. Supplied in a sturdy case, each kit comes with a full set of the accessory parts required for all-round oil change:

- > Filters
- > Seals
- > Bolts
- > Drain/intake plug
- > Magnets
- > 4-8 litres of ATF gearbox oil, as required

For vehicles with a mileage exceeding 60,000km MEYLE's engineers recommend that the transmission fluid and filters be changed along with the respective components to maximise gearbox performance and service life. Advice: Don't miss this opportunity at the next scheduled service.

On a side note:

MEYLE multi-purpose high-performance oils for manual and automatic transmissions are also available separately.
